About Company

Chinese-Egyptian company, Our main factory is in China and our first sales office is in Egypt.

Our company offers complete production lines for paper industries: paper cup forming machines, Die cutting machines, printing machines and everything related to food packaging.

Mr. Li Chuan Gai
Chairman

Our commitment to quality and safety has set us apart as a leading manufacturer in the industry. I extend my sincere appreciation to our dedicated team, clients, and supporters who have played a pivotal role in our achievements.

Mrs. Heba Mohamed
CEO

Our dedication to excellence has propelled us to new heights. I express my gratitude to our diligent team and loyal clients for contributing to our success.

Wenzhou Lansheng in 2023

In 2023, Wenzhou Lansheng, as a leading paper company specialized in paper raw materials, finished products, and paper machines, has achieved significant milestones.

Our dedication to quality, innovation, and customer satisfaction has propelled us to new heights. Here are some of our notable achievements this year:

- **Expanded Product Portfolio**

“Kraft Roll for bags”

“Kraft Bags”

Kraft Bags

These bags, offered in various sizes, provide a sustainable packaging solution for diverse applications, ensuring customer satisfaction.

Kraft Roll for bags

These rolls are crafted using a meticulous process that adheres to industry standards, ensuring the premium quality of the final products.

- **Enhanced Finished Products**

“Single Wall Cups”

- **Advanced Machinery**

A key highlight of our manufacturing capabilities is the LS-M High-Speed Paper Cup Forming Machine.

This automatic machine, is a pinnacle of efficiency and precision. With the ability to produce a wide range of hot and cold drink paper cups, including coffee cups, cola cups, milky tea cups, ice cream cups, and more, this machine has significantly contributed to our success in meeting the diverse needs of our clients.

Its high-speed operation ensures a seamless production process, reinforcing our commitment to excellence in the paper packaging industry.

New Factory

Industry

We are proud to announce that our new manufacturing facility is located in China.

This strategic move allows us to leverage the country's rich resources and expertise in the paper industry, ensuring even higher quality products and faster delivery times.

Extrusion Machine

Introducing our Paper Extrusion Machine. Boost efficiency and quality in paper production with our revolutionary machine. Manufacture paper products faster, maintain superior quality, and reduce costs. The production exceeds 2000 ton per month. Shorter production time means lower expenses for you and faster delivery for customers.

Countries we sell to

We successfully expanded its reach to various countries around the world. Our products and services are highly sought after in the following nations:

- | | | | | |
|-------------|-----------------|----------------|-----------------|------------------|
| 1- Egypt | 8- Saudi Arabia | 15- Belarus | 22- Vietnam | 29- Brazil |
| 2- China | 9- Yemen | 16- Kazakhstan | 23- Philippines | 30- South Africa |
| 3- Russia | 10- Oman | 17- Slovakia | 24- Kenya | 31- Germany |
| 4- Turkey | 11- Sudan | 18- Romania | 25- Tanzania | 32- France |
| 5- Emirates | 12- Kuwait | 19- Jordan | 26- Pakistan | 33- Afghanistan |
| 6- Spain | 13- Libya | 20- Iraq | 27- Armenia | 34- Azerbaijan |
| 7- Qatar | 14- Tunisia | 21- Morocco | 28- Bulgaria | 35- Greece |
| | | | | 36- Palestine |

To strengthen our global presence, we embarked on visits to several countries in 2023.

These visits allowed us to engage with clients, explore new opportunities, and foster stronger relationships. The countries we visited this year include:

China

Russia

Saudi Arabia

Spain

South Africa

Jordan

Turkey

Tunisia

Emirates

Exhibitions

Attended & Participated In 2023

Wenzhou Lansheng actively participated in key industry exhibitions in 2023.

These events provided us with a platform to showcase our products and stay abreast of the latest market trends.

Some of the notable exhibitions we attended include:

China

Saudi Arabia

Spain

South Africa

Turkey

Egypt

Evolution of Success:

Analysis of achievements in (2022 & 2023)

Comparing our achievements in 2022 to 2023, Wenzhou Lansheng has experienced notable growth and progress. Some of the key differences include:

01 Expanded Product Range

We introduced new raw materials and expanded our finished product offerings to cater to a more diverse customer base.

We expanded our sales and services to more countries, establishing stronger connections with clients worldwide.

02 Enhanced Global Presence

03 Investment In advanced Machinery

We invested in variable machines for various production processes, further enhancing our manufacturing capabilities.

Our participation in industry exhibitions and visits to different countries allowed us to increase our market presence and fostered new business opportunities.

04 Increased Market Penetration

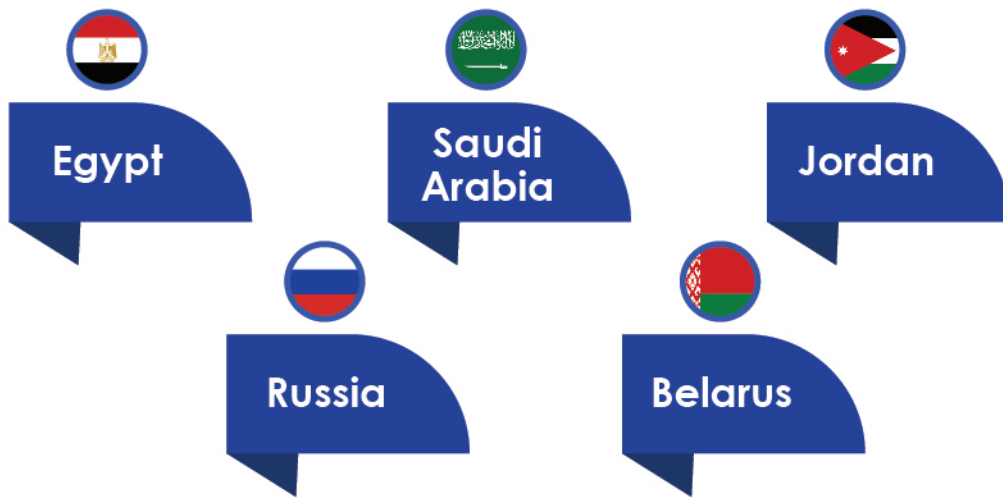

Statistics in 2023

To further illustrate our accomplishments, here are some key statistics for 2023:

Top 5 Buyer Countries

Based on sales volume, the top 5 buyer countries for Wenzhou Lansheng products are:

Top 3 Selling Products

Our top-selling products in 2023 are:

Flexographic Printing machine

Introducing the Paper Cup Flexo Printing Machine, the perfect solution for your printing needs.

This advanced machine is specifically designed for printing on single and double side PE coated paper, allowing you to create high-quality prints on a variety of paper cups.

With its flexibility and efficiency, it is an excellent choice for businesses looking to produce cups with up to 6 colors.

1

Color Flexibility

The machine is equipped with adjustable settings, allowing you to print with 4 to 6 colors. This gives you the freedom to create vibrant and eye-catching designs on your paper cups.

2

Water-Soluble Ink

Our machine utilizes water-soluble ink, which ensures excellent color reproduction and allows for easy cleaning. This results in high-quality prints that are both visually appealing and environmentally friendly.

3

Automatic Correction

With the built-in automatic correction feature, you can achieve precise and accurate prints every time. This ensures consistent & professional-looking results, minimizing any potential errors.

4

Corona Equipment

The machine is equipped with corona equipment, which enhances the adhesion of the ink to the PE coated paper. This ensures that your prints are durable and long-lasting, even under challenging conditions.

5

Versatile Printing Options

By simply changing the printing cylinders and anilox rollers, you can easily adjust the cup printing size and color. This versatility allows you to cater to different cup sizes & design requirements, providing you with a wide range of printing possibilities.

Investing in the Paper Cup Flexo Printing Machine will empower your business to meet the growing demand for customized paper cups. Its exceptional printing capabilities, user-friendly features, and adaptability make it a valuable asset for any printing operation.

Experience the power of efficient and precise printing with the Paper Cup Flexo Printing Machine. Contact us today to explore how this machine can elevate your printing capabilities and meet your business goals.

2023 Triumphs

A Year of Unprecedented Success

These achievements, global reach, and product success highlight the remarkable progress made by Wenzhou Lansheng in 2023. We remain committed to delivering superior quality and innovative solutions to our clients, solidifying our position as a leader in the paper industry.
